### **DETAILED ACTION**

Receipt of applicants' amendments and remarks submitted January 9, 2004 is acknowledged.

#### ***Claim Rejections 35 U.S.C. 103***

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 1-8 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ducharme et al. (WO 96/11676, IDS) in view of Talley et al. (WO95/15316) for reasons set forth in the prior office action.

#### ***Response to the Arguments***

Applicants' amendments and remarks submitted January 9, 2004 have been fully considered, but are not persuasive.

Applicants traverse the rejections on the ground that Talley is not prior art to the instant application, under 35 U.S.C. 103(C). The examiner disagrees. Talley is a proper prior art. Note 35 U.S.C. 103(C) state:

(C) Subject matter developed by another person, which qualifies as prior art only under one or more of subsections (e), (f), and (g) of section 102 of this title, shall not preclude patentability under this section where the subject matter and the claimed invention were, at the time the invention was made, owned by the same person or subject to an obligation of assignment to the same person.

Art Unit: 1617

Talley reference is a 102 (b) type reference (published more than a year before the effective filing date of instant application). Therefore, 35 U.S.C. 103 (C) would not apply on Talley reference.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
